

Position Title: Security Analyst 2

Reports To: Privacy and Security Officer

Location: Denver, CO

Connect for Health Colorado is health insurance marketplace and support network for individuals, families and small employers in Colorado. We provide high quality customer assistance by phone and in person and exclusive access to federal financial assistance, based on income, to reduce the cost of health insurance. We are a non-profit entity established by a 2011 state law and our mission is to increase access, affordability, and choice for individuals and small employers purchasing health insurance in Colorado.

Position Summary:

The Security Analyst 2 is a key member of the security team, responsible for safeguarding critical and confidential information and will participate in a broad range of security projects and working alongside the privacy and security officer. This highly skilled role will regularly interface with internal business leaders, service providers, state and federal partners, and technology suppliers. Additionally, the security analyst 2 will be expected to stay informed of evolving regulations, threats, risks, new security technology, and recognized best practices.

Position Responsibilities:

- **Compliance:** Assist with managing all aspects of a FISMA-based security and privacy program. Review and update security and privacy documentation including system security plans, privacy impact assessments, corrective action plans, security policies and procedures required to safeguard our customer's data.
- **Business support:** Perform security and privacy due diligence by interacting with business leaders on various projects and proposing solutions to build in measures to meet the compliance and privacy requirements.
- **Risk:** Perform security and privacy risk assessments on various projects and vendors as required. Assess new security threats and make appropriate recommendations. Review vulnerability scans and work with service providers on remediation.
- Evaluate, design, and help implement security solutions in support of a modern, cloud-based environment. Assess new technologies and work with internal technology teams and external service providers to implement these new technologies.
- Evaluate Privacy and Security functions and controls and recommend enhancements or changes.

- Manage information security incidents, coordinate response, and investigate privacy complaints.

Preferred Position Requirements:

- BA/BS in a Computer Science or Information Security related field and/or equivalent years of practical work experience.
- Strong analytical skills and demonstrated ability to communicate effectively, and problem solving abilities are key.
- Current security certification: CISSP, AWS certifications, Security +, or similar preferred.
- 2 + years Information Security, Security Operations, or Cloud Security experience.
- Experience working with FISMA or HIPAA/HITECH compliance programs.
- Project management skills.
- Skills in at least 2 of the following areas of Information Security including:
 - Operations
 - Network
 - Database
 - Application security
- Working knowledge in the areas of:
 - Amazon Web Services (AWS) Hosting
 - AWS Security
 - DevSecOps
 - Cloud security best practices
 - Identity Single Sign On & Federation
 - Logging and event detection

Work Environment:

- Typical office setting; the Connect for Health Colorado office is in the Denver Tech Center area, near the intersection of Belleview and I25.
- Work schedule may include some non-traditional hours, weekends and evening events.
- Travel is infrequent and only in Colorado, but may occasionally be required, including day trips along the Front Range (mileage reimbursement available)
- Current remote environment

Compensation:

Connect for Health Colorado offers a competitive salary and benefits package. Using Connect for Health Colorado's annual benefits allowance, employees may tailor a package to best suit their individual needs. Connect for Health Colorado employees are eligible to participate in the organization's 403(b) plan and are additionally provided with paid time off, short- and long-term disability and life insurance.

To Apply:

Please e-mail resume, cover letter, salary history, and three (3) references to hiring@ConnectforHealthCO.com. Please include position title in the subject line. No phone calls please.

Connect for Health Colorado is an equal opportunity employer (EOE). Connect for Health Colorado may, at its discretion, conduct a background check on any workforce member and/or require job candidates to successfully complete a background check as a condition of employment.
