# Partnership with Connect for Health Colorado

- **Medicaid & CHP+ enrollment** between May and November 2024 is up 40k+, or over 3%.
- **Ongoing sharing of data** to connect those no longer eligible for Health First Colorado/CHP+ to marketplace
- **Revised joint messaging toolkits** to highlight “Know Your Coverage Options” rather than just a renewal focus and social media campaign
- **For further PHE Unwind info**, please visit: <https://hcpf.colorado.gov/ccu>
- **Congressional [letter](#)** to request continuation of marketplace subsidies released November 26, 2024
- **Cover All Coloradans** is effective Jan. 1, covering pregnant people and children who would otherwise be eligible for Medicaid or CHP+ if not for their documented status. Let’s stay connected on Omni Salude and Cover All Coloradans enrollment.
