

BROKER/AGENT CERTIFICATION PROGRAM

The Broker/Agent Certification program provides the minimum body of knowledge required for Brokers/Agents to operate on the Connect for Health Colorado Marketplace. This program consists of online classes, reference guides, videos, and a required certified producer agreement that must be completed annually. The required agreement must be signed electronically and does not need to be printed and submitted.

This program is available to all independent or agency Brokers, Web Producers, and Issuer Dedicated Sales Teams (IDST):

- A Broker/Agent is an individual, licensed by the State of Colorado in Accident & Health, who will be authorized to enroll a consumer into a Qualified Health Plan (QHP) through the Marketplace.
- Web Producers are Associated Brokers working under one of the organizations that have a contract with Connect for Health Colorado.
- IDST are certified Brokers employed by one of our partnering insurance companies offering plans on the Marketplace.

AM I A “NEW BROKER/AGENT” OR A “RETURNING BROKER/AGENT?”

New Brokers/Agents (Full Curriculum)

New Brokers/Agents are new to our Marketplace or Brokers/Agents who did not complete the previous certification training by July 31, 2026.

Returning Brokers/Agents (Reduced Curriculum)

Returning Brokers/Agents are recertifying and completed the previous Connect for Health Colorado certification training by July 31, 2026.

Returning Brokers/Agents who do not complete the recertification training between September 1 and October 15, will be required to complete the full “New Broker/Agent” training curriculum instead starting October 16.

Please note: You may not assist customers until your Certification is complete. Brokers/Agents are only required to complete one of the Broker/Agent curricula.
